We do Business with a ♥

Every year **rice** takes an active part in developing projects and relief work all over the world. We make it our mission to do business with a heart. Social responsibility is a part of the RICE DNA - we believe in a better world and we aspire to make a difference.

We put a lot of pride into our work and our products, and it is important to us that we engage in long-lasting and reliable supplier cooperations and that we only use the very best materials available. At **rice** we offer a wide range of materials - but raffia and melamine have been with us from the very beginning. Raffia is a beautiful and natural product; it comes from palm fronds and our products are handmade in Madagascar. The quality of **rice** melamine is the highest available and contains no BPA or phthalates.

rice was founded back in 1998 by Charlotte and Philippe Guéniau and today **rice** is represented in more than 50 countries with approx. 2000 stores worldwide.

Let's wrap the world in colors!

This catalogue is designed and printed in Denmark.

Please note that the products can be subject to price changes, printing errors and discontinuance. There can also be slight variations in color. Trade is subject to written approval by **rice** - general terms of sale apply.

A NEW YORK MINUTE...

It's the expression for a moment in time – something that flies by... like in the blink of an eye...

Our autumn winter collection this year carries the same name - A New York Minute! Travel has always been a great source of inspiration for me. This season, the inspiration stems from my recent journeys to New York, a captivating melting pot that I've explored extensively over the past few years.

A city filled with words and fun quirky things all over. The making of this collection came to life while my daughter Selma spent 6 months in the big apple studying art at Parsons.

The colors are very much a homage to Swedish artist Hilma af Klint, and a mindblowing exhibition of her work at the Guggenheim Museum in 2019 – the colors and the story of this talented visionary artist just gave us all such a high. Please enjoy the collection – and every minute possible – whether in New York or elsewhere.

Warm regards

Charlotte and Team **rice**

SELMA IN NEW YORK CITY

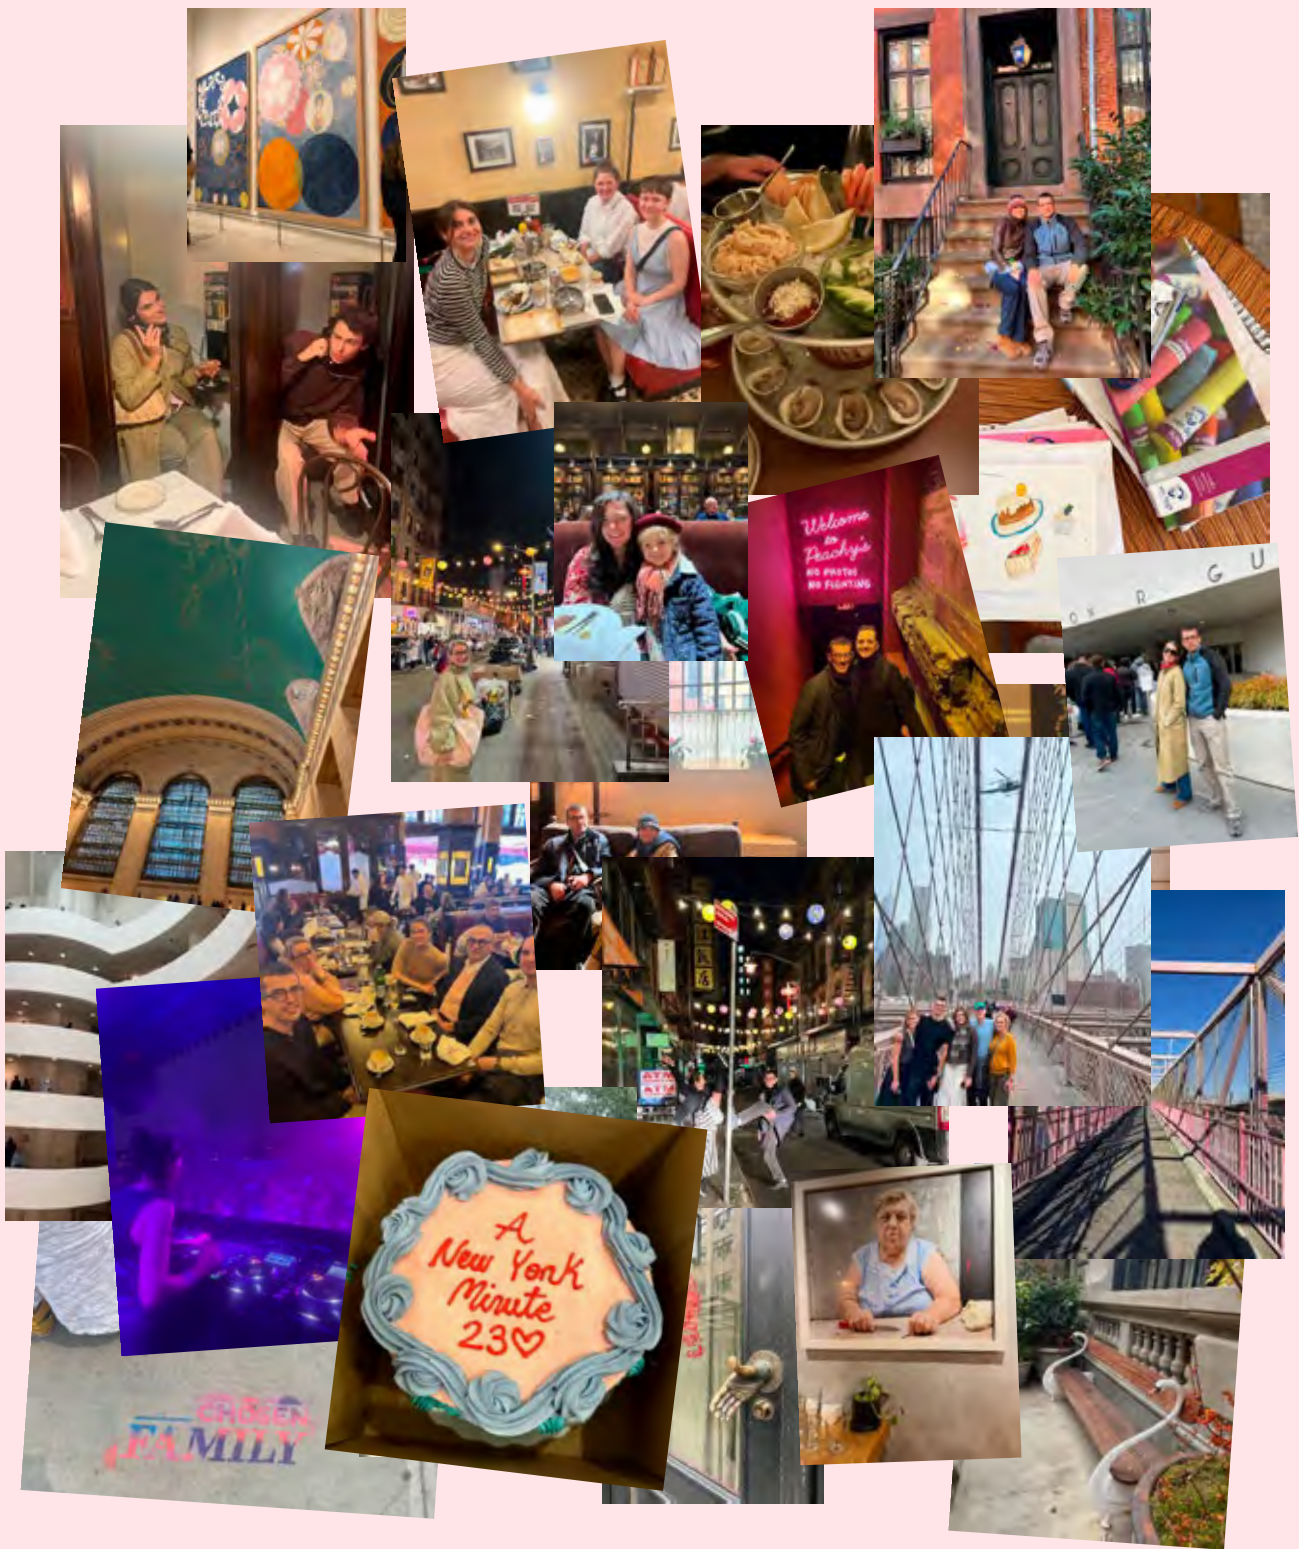

Six months abroad morphed into 'A New York Minute'

My name is Selma. I've made all the prints for this collection, some hand painted and some illustrated - but all of it while I was living in New York for six months.

A lot of the inspiration for these prints came from living in the city, from art exhibitions over the years - trips with my family and of course my own longer stay. New York is such a vibrant and colorful place to be. Painting and drawing there was just such a great gift for me.

Living in New York and rice based in Denmark, in a different time zone - we had to come up with alternatives on how to make the collaboration work..

So I've started using an iPad for making some of the prints to find a more digital solution. And it's been such a great and fun journey nonetheless, to work on the iPad. Of course, it is a different medium than hand painting, but you can combine the two things and still have this result which is still

“The collection is also one great big proud Mamma moment for me – My daughter Selma spent 6 months in New York last year, taking courses at Parsons School of Arts – and in her free time – she designed all the prints for this season – it’s been a blast, and it was also a very nice way to stay in touch.” - Charlotte

HILMA FOREVER

This flower border is again inspired by esteemed Swedish artist Hilma af Klint - she believed in meditation and in spirits and that they led her hands when she painted. She was born in 1862, and when she died in 1944 at the age of 82, she left around 1000 paintings to her nephew. She knew the world was not ready for her abstract art - and asked him only to start showing them 20 years later.

rice Happy Earth

In March 2022, we invested in a piece of farmland we forested. We call this initiative **rice** Happy Earth. This project is an integral part of our overall commitment to environmental responsibility known as **rice** Responsibility.

We have dedicated 36.2 hectares of land to reforestation, to offset CO2 emissions. Through meticulous selection, we have planted 65,000 trees, specifically choosing long-living and resilient species known for their exceptional ability to

absorb CO2 generated by our activities. We will plant 6,000 square meters of wildflowers every third year to support biodiversity.

We have always believed in the motto „People care - we care“ and have always aid that no one can help everyone, but everyone can help someone. The **rice** Happy Earth project is our way of proudly contributing to a brighter and greener future.

OUR
MELA-
MINE

...Is Reusable, Long lasting, Durable, Sustainable

Approved by DVFA and tested food safe

BPA and phthalate free

We always keep up with the required test regulations. In September 2021, EU toughened up the standards of testing plastic and melamine and a new regulation (EU) No 10/2011 came into effect. All our current products live up to these new standards.
